

CHOICE Chrysanthemum Novelties

For 1943,

RAISED BY THOMAS W. POCKETT, SENR.,

and distributed by

J. B. POCKETT,

“Cowley” Nurseries, Healesville, Vict.,

(Sole Distributor in Australasia)

***BOB SPARKS** — Crimson, beautifully reflexed. Ideal growth, with stem rather dwarf. Suitable for Exhibition from 1st or 2nd crowns. Any bud after 10th February .. 5/- each

***EDITH HUXHAM** — Golden yellow. A solid compact flower of reflexing form, and a good keeper. Easy to grow for exhibition from 2nd crown buds selected about 12th February .. 5/- each

***MARIE ANDREW** — White with extra large broad semi-incurving petals that will give blooms of extraordinary dimensions, from buds selected about the middle of February .. 5/- each

***Mrs. TOM MITCHELL** — Lilac pink with silvery reverse. After two years' test we have found this to be the brightest of the pink shades, and suitable for exhibition. Buds should be selected from 1st crowns not later than 12th February. 5/- each

NOTE: Owing to various war-time restrictions, I am not issuing a current catalogue for the ensuing season, but should intending clients require last season's catalogue, or cultural hints, etc., same can be obtained on application to above address.

* Denote varieties raised by Thomas W. Pockett, Senior.
